- 9.1.1. Such information shall be used only for the purposes authorized for use of Program Information as specified in Article VIII (Disclosure and Use of Program Information).
- 9.1.2. Access to such information shall be limited to personnel whose access is necessary for the permitted use under subparagraph 9.1.1., and shall be subject to the provisions of Article XII (Third Party Sales and Transfers).
- 9.1.3. Each Party shall take all lawful steps, which may include national classification, available to it to keep such information free from further disclosure (including requests under any legislative provisions), except as provided in subparagraph 9.1.2., unless the originating Party consents to such disclosure. In the event of unauthorized disclosure, or if it becomes probable that the information may have to be further disclosed under any legislative provision, immediate notification shall be given to the originating Party.

9.2. To assist in providing the appropriate controls, the originating Party shall ensure that Controlled Unclassified Information is appropriately marked. The Parties shall decide, in advance and in writing, on the markings to be placed on the Controlled Unclassified Information. The appropriate markings shall be defined in the Program Security Instruction.

9.3. Controlled Unclassified Information provided or generated pursuant to this Agreement shall be handled in a manner that ensures control as provided for in paragraph 9.1.

9.4. Prior to authorizing the release of Controlled Unclassified Information to Contractors, the Parties shall

ensure the Contractors are legally bound to control such information in accordance with the provisions of this Article.

ARTICLE X

VISITS TO ESTABLISHMENTS

10.1. Each Party shall permit visits to its government establishments, agencies and laboratories, and Contractor industrial facilities by employees of the other Party or by employees of the other Party's Contractor(s), provided that the visit is authorized by both Parties and the employees have any necessary and appropriate security clearances and a need-to-know.

10.2. All visiting personnel shall be required to comply with security regulations of the host Party. Any information disclosed or made available to visitors shall be treated as if supplied to the Party sponsoring the visiting personnel, and shall be subject to the provisions of this Agreement.

10.3. Requests for visits by personnel of one Party to a facility of the other Party shall be coordinated through official channels, and shall conform with the established visit procedures of the host country. Requests for visits shall bear the name of the Program.

10.4. Lists of personnel of each Party required to visit, on a continuing basis, facilities of the other Party shall be submitted through official channels in accordance with recurring international visit procedures.

ARTICLE XI

SECURITY

11.1. All Classified Information and material provided or generated pursuant to this Agreement shall be stored, handled, transmitted, and safeguarded in accordance with the General Security of Military Information Agreement between Singapore and the United States of America, of 9 March 1983.

11.2. Classified Information shall be transferred only through official government-to-government channels or through channels approved by the Designated Security Authorities (DSAs) of the Parties. Such Classified Information shall bear the level of classification, denote the country of origin, the conditions of release, and the fact that the information relates to this Agreement.

11.3. Each Party shall take all lawful steps available to it to ensure that Classified Information provided or generated pursuant to this Agreement is protected from further disclosure, except as permitted by paragraph 11.9., unless the other Party consents to such disclosure. Accordingly, each Party shall ensure that:

11.3.1. The recipient shall not release the Classified Information to any government, national, organization, or other entity of a Third Party except as permitted under the procedures set forth in Article XII (Third Party Sales and Transfers).

11.3.2. The recipient shall not use the Classified Information for other than the purposes provided for in this Agreement.

11.3.3. The recipient shall comply with any distribution and access restrictions on information that is provided under this Agreement.

11.4. The Parties shall investigate all cases in which it is known or where there are grounds for suspecting that Classified Information provided or generated pursuant to this Agreement has been lost or disclosed to unauthorized persons or other entities. Each Party also shall promptly and fully inform the other Party of the details of any such occurrences, and of the

final results of the investigation and of the corrective action taken to preclude recurrences.

11.5. The PMs shall prepare a Program Security Instruction (PSI) and a Classification Guide (CG) for the Program. The PSI and the CG shall describe the methods by which Program Information shall be classified, marked, used, transmitted, and safeguarded. The PSI and CG shall be developed by the PMs within three months after this Agreement enters into force. They shall be reviewed and forwarded to the Parties' DSAs for approval and shall be applicable to all government and Contractor personnel participating in the Program. The CG shall be subject to regular review and revision with the aim of downgrading the classification whenever this is appropriate. The PSI and the CG shall be approved by the appropriate DSA prior to the transfer of any Classified Information or Controlled Unclassified Information.

11.6. The DSA of the Party in which a classified Contract is awarded will assume responsibility for administering within its territory security measures for the protection of the Classified Information, in accordance with its laws and regulations. Prior to the release to a Contractor, prospective Contractor, or Subcontractor of any Classified Information received under this Agreement, the DSAs will:

- 11.6.1. Ensure that such Contractor, prospective Contractor or subcontractor and their facility(ies) have the capability to protect the Classified Information adequately.
- 11.6.2. Grant a security clearance to the facility(ies), if appropriate.
- 11.6.3. Grant a security clearance for all personnel whose duties require access to Classified Information, if appropriate.
- 11.6.4. Ensure that all persons having access to the Classified Information are informed of their responsibilities to protect the Classified Information in accordance with national security laws and regulations, and provisions of this Agreement.

11.6.5. Carry out periodic security inspections of cleared facilities to ensure that the Classified Information is properly protected.

11.6.6. Ensure that access to the Classified Information is limited to those persons who have a need-to-know for purposes of the Agreement.

11.7. Contractors, prospective Contractors, or subcontractors which are determined by DSAs to be under financial, administrative, policy or management control of nationals or entities of a Third Party, may participate in a Contract or subcontract requiring access to Classified Information provided or generated pursuant to this Agreement only when enforceable measures are in effect to ensure that nationals or other entities of a Third Party shall not have access to Classified Information. If enforceable measures are not in effect to preclude access by nationals or other entities of a Third Party, the Government of the other Party shall be consulted for approval prior to permitting such access.

11.8. For any facility wherein Classified Information is to be used, the responsible Party or Contractor shall approve the appointment of a person or persons to exercise effectively the responsibilities for safeguarding at such facility the information pertaining to this Agreement. These officials shall be responsible for limiting access to Classified Information involved in this Agreement to those persons who have been properly approved for access and have a need-to-know.

11.9. Each Party shall ensure that access to the Classified Information is limited to those persons who possess requisite security clearances and have a specific need for access to the Classified Information in order to participate in the Program.

11.10. Information provided or generated pursuant to this Agreement may be classified as high as secret. The existence of this Agreement is unclassified and the contents are unclassified.

ARTICLE XII

THIRD PARTY SALES AND TRANSFERS

12.1. The Parties shall not sell, transfer title to, disclose, or transfer possession of Program Foreground Information, jointly acquired Program Equipment, or any item produced either wholly or in part from Program Foreground Information to any Third Party without the prior written consent of the Government of the other Party. Furthermore, neither Party shall permit any such sale, disclosure, or transfer, including by the owner of the item, without the prior written consent of the Government of the other Party. Such consent shall not be given unless the Government of the intended recipient consents in writing with the Parties that it shall:

12.1.1. not retransfer, or permit the further retransfer of, any equipment or information provided, or item produced; and

12.1.2. use, or permit the use of, the equipment or information provided, or item produced only for the purposes specified by the Parties.

12.2. A Party shall not sell, transfer title to, disclose, or transfer possession of Program Equipment or Program Background Information provided by the other Party to any Third Party without the prior written consent of the Government of the Party which provided such equipment or information. The providing Party's Government shall be solely responsible for authorizing such transfers and, as applicable, specifying the method and conditions for implementing such transfers.

ARTICLE XIII

LIABILITY AND CLAIMS

13.1. For liability arising out of, or in connection with, activities undertaken in the performance of official duty in the execution and for the benefit of the Program, the following provisions shall apply.

13.2. Claims against any Party or its personnel shall be dealt with in accordance with the terms of relevant bilateral treaties and agreements.

13.3. When bilateral treaties and agreements do not otherwise apply, the following provisions shall apply:

13.3.1. With the exception of claims for loss of or damage to Program Equipment under Article VII (Program Equipment), each Party waives all claims against the other Party for injury to or death of its military or civilian personnel and for damage to or loss of its property (including jointly acquired property) caused by such personnel (which do not include Program Contractors) of that other Party. If, however, such injury, death, damage, or loss results from reckless acts or reckless omissions, willful misconduct or gross negligence of a Party's personnel, the costs of any liability shall be borne by that Party alone.

13.3.2. Claims from any other persons for injury, death, damage, or loss of any kind caused by one Party's personnel shall be processed by the appropriate Party, as determined by the Parties. Any costs determined to be owed the claimant shall be borne by the Parties in the same ratio for cost sharing as established in paragraph 5.3 of Section V (Financial Provisions). If, however, such injury, death, damage, or loss results from reckless acts or reckless omissions, willful misconduct or gross negligence of a Party's personnel, the costs of any liability shall be borne by that Party alone.

13.4. Claims arising under any Contract awarded pursuant to Article VI (Contracting Provisions) shall be resolved in accordance with the provisions of the Contract.

ARTICLE XIV

CUSTOMS DUTIES, TAXES, AND SIMILAR CHARGES

14.1. Customs duties, import and export taxes, and similar charges shall be administered in accordance with each Party's respective laws and regulations. Insofar as existing national laws and regulations permit, the Parties shall endeavor to ensure that such readily identifiable duties, taxes and similar charges, as well as quantitative or other restrictions on imports and exports, are not imposed in connection with work carried out under this Agreement.

14.2. Each Party shall use its best efforts to ensure that customs duties, import and export taxes, and similar charges are administered in a manner favorable to the efficient and economical conduct of the work. If any such duties, taxes, or similar charges are levied, the Party in whose country they are levied shall bear such costs.

ARTICLE XV

SETTLEMENT OF DISPUTES

15.1. Disputes between the Parties arising under or relating to this Agreement shall be resolved only by consultation between the Parties and shall not be referred to a national court, an international tribunal, or to any other person or entity for settlement.

ARTICLE XVI

LANGUAGE

16.1. The working language for the Program shall be the English language.

16.2. All data and information generated under this Agreement and its implementing Contracts and provided by one Party to the other Party shall be furnished in the English language.

ARTICLE XVII

GENERAL PROVISIONS

17.1. All activities of the Parties under this Agreement shall be carried out in accordance with their national laws including their export control laws and export control regulations. The obligations of the Parties shall be subject to the availability of funds for such purposes.

17.2. No requirement shall be imposed by either Party for work sharing or other industrial or commercial compensation in connection with this Agreement that is not in accordance with this Agreement.

ARTICLE XVIII

AMENDMENT, TERMINATION, ENTRY INTO FORCE, AND DURATION

18.1. Except as otherwise provided, this Agreement may be amended by the mutual written agreement of the Parties. Annex A (Sample Task Plan) of this Agreement may be amended by the written approval of the SC.

18.2. This Agreement may be terminated at any time upon the written agreement of the Parties. In the event both Parties agree to terminate this Agreement, the Parties shall consult prior to the date of termination to ensure termination on the most economical and equitable terms.

18.3. Either Party may terminate this Agreement upon 90 days written notification of its intent to terminate to the other Party. Such notice shall be the subject of immediate consultation by the SC to decide upon the appropriate course of action to conclude the activities under this Agreement. In the event of such termination, the following rules shall apply:

18.3.1. The terminating Party shall continue participation, financial or otherwise, up to the effective date of termination.

18.3.2. Except as to Contracts awarded on behalf of both Parties, each Party shall be responsible for its own Program-related costs associated with termination of the Program. For Contracts awarded on behalf of both Parties, the terminating Party shall pay all Contract modification or termination costs that would not otherwise have been incurred but for the decision to terminate; in no event, however, shall a terminating Party's total financial contribution, including Contract termination costs, exceed that the sum of that Party's financial contributions as set forth in each of the Task Plans.

18.3.3. All Program Information and rights therein received under the provisions of this Agreement prior to the termination shall be retained by the Parties, subject to the provisions of this Agreement.

18.4. The respective rights and obligations of the Parties regarding Article VII (Program Equipment), Article VIII (Disclosure and Use of Program Information), Article IX (Controlled Unclassified Information), Article XI (Security), Article XII (Third Party Sales and Transfers), Article XIII (Liability and Claims), and this Article XVIII (Amendment, Termination, Entry into Force, and Duration) shall continue to apply, notwithstanding termination or expiration of this Agreement.

18.5. This Agreement, which consists of eighteen (18) Articles and one (1) Annex, shall enter into force upon signature by both Parties and shall remain in force for ten years unless terminated in accordance with paragraphs 18.2 or 18.3. It may be extended by written agreement of the Parties.

IN WITNESS WHEREOF, the undersigned, being duly authorized by their governments, have signed this Agreement.

PREAMBLE

The Department of Defense of the United States of America (U.S. DoD) and the Ministry of Defence of the Republic of Singapore (MINDEF), hereinafter referred to as the “Parties”;

Considering the Agreement Between the Department of Defense of the United States of America and the Ministry of Defence of the Republic of Singapore Concerning Combating Terrorism Research and Development, which entered into force March 22, 2006 (hereinafter referred to as the “Agreement”); and

Recognizing the need to amend the Agreement in order to continue successful cooperation in improving combating terrorism capabilities through the application of state-of-the-art and emerging technology;

Have agreed as follows:

ARTICLE I PURPOSE

The purpose of this Amendment is to add appropriate export control language and extend the duration of the Agreement through March 21, 2026.

ARTICLE II AMENDMENT

The Agreement is amended as follows:

1. Article I (Definitions):

------------------------------	---

- b. Delete the existing definition for Controlled Unclassified Information and insert in its place the following:

Controlled Unclassified Information	Unclassified information to which access or distribution limitations have been applied in accordance with national laws or regulations. It could include information that has been declassified but remains controlled.

- c. Insert the following new definition after the definition for “Program Invention” and before the definition for “Special Tooling”:

3. Article VI (Contracting Provisions):

- a. Delete paragraph 6.5. and insert in its place the following:

“6.5. Each Party’s Contracting Agency shall insert into its prospective Contracts (and require its Contractors to insert in subcontracts) suitable conditions to satisfy the requirements of this Agreement, including Article VIII (Disclosure and Use of Program Information), Article IX (Controlled Unclassified Information), Article XI (Security), Article XII (Third Party Sales and Transfers), Article XVII (General Provisions), and Article XVIII (Amendment, Termination, Entry Into Force, and Duration) of this Agreement, including the export control provisions in accordance with this Agreement, in particular paragraphs 6.7. and 6.8. of this Article. Each Party’s Contracting Agency shall negotiate to obtain the rights to use and disclose Program Information required by Article VIII (Disclosure and Use of Program Information) of this Agreement. During the Contracting process, each Party shall also advise Prospective Contractors of their responsibility to notify immediately their
